18 Total Project Costs	\$ 55,248	,179	\$	10,297,091	\$	65,545,270	\$	3,013,397	\$ 68,558,667	\$	63,887,503	\$ 4,671,164

## NOTES

1) The Public Facilities FF&E budget line item has been transferred to Hard Costs as part of the General Contractor's responsibilities

2) Owner Contingency funds have been allocated to cover increases in Architecture/Engineering fees and projected Hard Costs

3) Potential project enhancements are being studied outside of the Base Program and associated budget
