WHERE WE ARE TODAY

Current Values (data through 5/08/21)

Level of Community Spread	Daily case rate	Rate of transmission	Test positivity rate	New cases from quarantined contacts
	6.6 (May 8) 7-day avg. per 100,000 pop.	0.79 (Apr 28) Effective reproduction number (R(t))	3.2% (May 6) Percent positive from RT-PCR tests	15.3% (May 6) 7-day average
Health System Capacity	Percent hospital utilization	Percent COVID-19 patients	Mean test turnaround time	Diagnostic tests conducted
	75.6% (May 8) of available beds without surge	5.3% (May 8) of daily hospital census, 7-day average	2.3 (May 8) (days) 7-day average	3,494 (May 6) 7-day avg. per million pop.
Public Health System Capacity	Positive cases with contact attempt	Close contacts with contact attempt		
	98.1% (May 7) 7-day avg. attempt within 1 day	99.8% (May 6) 7-day avg. attempt within 2 days		
Community Engagement	Positive cases interviewed	Positive cases who provide close contacts	Mean number close contacts provided	Exposure Notification Opt-in
	64.7% (May 6) 7-day avg. completed within 3 days	40.4% (May 6) 7-day avg.	1.2 (May 6) 7-day avg. mean per positive case	801,624 (May 5) cumulative # of smart phones opted-in to official exposure notification system
	Correct mask-wearing	Percent full COVID-19 vaccine coverage		
	74.0% (Mar 21) percent observed Updated every 4 weeks.	22.3% (Apr 30) cumulative Updated weekly.		

Data Source: DC Health

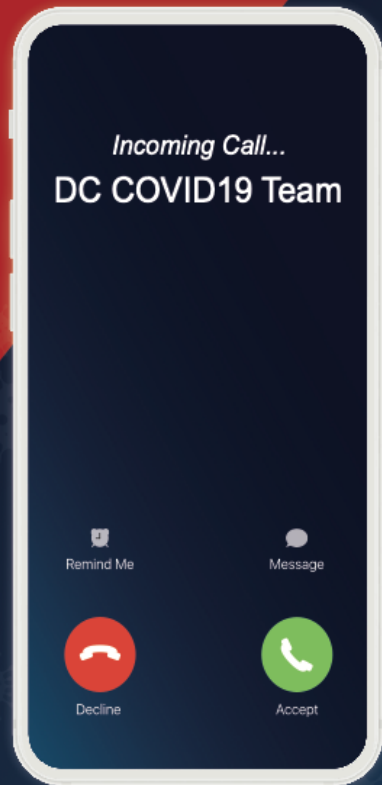

We have made free COVID-19 testing broadly accessible.

COVID-19 tests are free, walk-up sites are open across DC, and now at-home testing kits are available.

We established and ramped up a Contact Trace Force.

ANSWER THE CALL

- Help DC contain the virus
- Stay anonymous
- Protect your friends, family, coworkers, and neighbors

The DC Contact Trace Force will never ask you for your:

- Immigration status
- Social security number
- Bank account details or credit card numbers

Contact tracers reach out to **98.1% of positive cases within 1 day**, and **99.8% of close contacts within 2 days**. Additionally, nearly 800,000 phones have opt-ed in to DC's exposure notification tool.

We mitigated any strain on our hospital system.

With the goal of never needing to use it, we built an **Alternate Care Site** and now we are dismantling it.

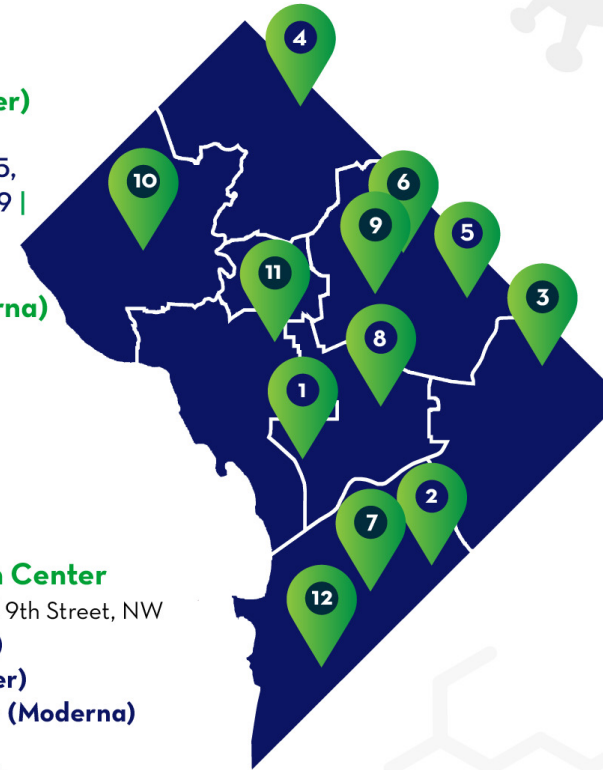

**SINCE DECEMBER 2020,
DC HAS FULLY VACCINATED
226,566 RESIDENTS**

Vaccines are free and available
on-demand at walk-up sites
across DC.

WALK-UP VACCINATION SITES - MAY 2021

- 1** **Arena Stage (Pfizer)**
1101 6th Street, SW
Thur. - Sun. | 8am - 12pm, 1pm - 5pm

If you received your first dose in DC, please return to the same location for your second dose. If you received a first dose out of state, you may visit a walk-up location with corresponding vaccine type with your vaccine card and receive your second dose.

District of Columbia COVID-19 Daily Case Rate
per 100,000 population (7-day average)

Data Source: DC Health. **Data subject to change on a daily basis**

Data Notes: The line represents a seven day average of the daily case rate per 100,000 population. The number of daily cases is subject to the timeliness of test results reported from laboratories and may not always reflect the number of new positive tests on a given day. Data reflect ongoing data quality improvements.

Our health metrics
continue to trend in the
right direction.

Choosing Safer Activities

Accessible link: <https://www.cdc.gov/coronavirus/2019-nCoV/daily-life-coping/participate-in-activities.html>

	Unvaccinated People	Your Activity	Fully Vaccinated People
		Outdoor	
Safest		Walk, run, wheelchair roll, or bike outdoors with members of your household	
		Attend a small, outdoor gathering with fully vaccinated family and friends	
		Attend a small, outdoor gathering with fully vaccinated and unvaccinated people	
Less Safe		Dine at an outdoor restaurant with friends from multiple households	
		Attend a crowded, outdoor event, like a live performance, parade, or sports event	
Least Safe		Indoor	
		Visit a barber or hair salon	
		Go to an uncrowded, indoor shopping center or museum	
		Ride public transport with limited occupancy	
		Attend a small, indoor gathering of fully vaccinated and unvaccinated people from multiple households	
		Go to an indoor movie theater	
		Attend a full-capacity worship service	
		Sing in an indoor chorus	
		Eat at an indoor restaurant or bar	
		Participate in an indoor, high intensity exercise class	

Get a COVID-19 vaccine

Prevention measures not needed

- Safety levels assume the recommended prevention measures are followed, both by the individual and the venue (if applicable).

Take prevention measures

Fully vaccinated people: wear a mask
Unvaccinated people: wear a mask, stay 6 feet apart, and wash your hands.

- CDC cannot provide the specific risk level for every activity in every community. It is important to consider your own personal situation and the risk to you, your family, and your community before venturing out.

cdc.gov/coronavirus

6324153E

Residents, workers, and visitors will be required to follow CDC mask guidance.

We will continue to monitor health metrics and take prevention measures.

Fully Vaccinated People:

Wear a mask and wash your hands.

Unvaccinated People:

Wear a mask, stay 6 feet apart, and wash your hands.

On May 21, restrictions on public and commercial activity, including capacity limits, types of activities, and time restrictions, will be lifted.

Exceptions: Bars, nightclubs, and large sports and entertainment venues

On June 11, capacity limits and restrictions will be lifted on those venues that cannot fully reopen on May 21.

Category	May 21	June 11
Bars and nightclubs	50% capacity	No capacity restrictions
Restaurants	No capacity restrictions	No capacity restrictions
Large sports and entertainment venues	Continue waiver process	No capacity restrictions
Weddings and special events	No capacity restrictions	No capacity restrictions
Business meetings and seated conventions	No capacity restrictions	No capacity restrictions
Places of worship	No capacity restrictions	No capacity restrictions
Non-essential retail	No capacity restrictions	No capacity restrictions
Personal services	No capacity restrictions	No capacity restrictions
Private at-home gatherings	No capacity restrictions	No capacity restrictions
Libraries, museums, galleries	No capacity restrictions	No capacity restrictions
Recreation centers	No capacity restrictions	No capacity restrictions
Gyms and fitness centers	No capacity restrictions	No capacity restrictions
Pools	No capacity restrictions	No capacity restrictions
Office space	No capacity restrictions	No capacity restrictions
Schools	No capacity restrictions	No capacity restrictions
Childcare	No capacity restrictions	No capacity restrictions

DC Health is reviewing all health guidance on coronavirus.dc.gov, and updates will be available in the next 7-10 days.

Guidance will emphasize the current mask and travel guidelines, cleaning and disinfecting recommendations, and COVID-19 case reporting requirements.

Operating Timeline

MAY 3

Up to 25% return. Where agencies already exceed 25% by operational necessity those numbers may remain.

JUNE 7

Up to 50% return. Executive, Excepted and Management Service employees required in office majority of the week.

JULY 12

All employees required to be set and working in new in-office work schedules.

Thank you to the more than 1,000 volunteers who joined the May 1 Day of Action.

The next Day of Action will be on Saturday, May 22.

Canvassing shifts will begin at 9AM and 11AM

If your local business wants to participate in the **#TakeTheShotDC** vaccine effort by donating a good or a service for our neighbors who step up to get vaccinated, you can sign up at **bit.ly/TakeTheShotDC**

DC SHOP, EAT,
PLAY, STAY

GIVEAWAY

51 winners from the region will win prizes and gift cards ranging from

\$500 to \$25,000

to shop, eat, play, and stay at DC restaurants, retailers,
entertainment venues, and hotels

Enter to win at RAMW.org

Over the past year, Washingtonians have learned what it takes to protect ourselves, each other, and our community:

- ✓ Get vaccinated and encourage friends and family to get vaccinated
- ✓ Follow CDC mask guidance
- ✓ Practice good hygiene and stay home and get tested when you feel sick
